_____

_____

_____

The fee for the permit and inspections of these projects are charged as a technical review at $80.00 per hour.

- **Failure to provide any necessary information may result in delay of the review process or rejection of your application.**
- Failure to obtain a valid permit prior to working on a system will result in a doubling of your permit fees and a stop work order issued on the job.
- A valid permit and approved plans for a standard permit must be at the job site prior to scheduling your final inspection.
- Please allow a minimum of two weeks for Northshore Fire Department review process.

I understand that all applicable codes apply. Errors and/ or omissions on the plans and corrections from field inspections are the responsibility of the owner/contractor. All work is subject to the compliance with local ordinances and laws of the State of Washington.
