RESOLUTION NO. 06-06

INTENT TO CONSTRUCT A NEW FIRE STATION

WHEREAS, the District has determined that the current facility that serves as Fire Station 51 is in need of significant improvements to meet the current and future needs of the District; and

WHEREAS, after consulting with architectural and construction experts, it has been determined there is little to no financial advantage to remodel the existing facility to the extent required, and

WHEREAS, appropriate planning and associated implementation will result in greater efficiencies and economic value; **NOW THEREFORE, IT IS**

RESOLVED by the Commissioners of King County Fire Protection District No. 16 that they declare their intent to construct a new fire station through which the District can continue to effectively and efficiently provide emergency services to citizens of the district, and it is further

RESOLVED, the site, architectural design, construction process and all associated actions will be thoroughly and effectively evaluated to maximize the resources for this project.

DATED this 16th day of May 2006.
